Re: Letter of Williams Complaint

Dear Lou:

I was able to meet with Joe Ramirez on Monday May 13, 2019 to look into the facilities Williams complaint you received. We were able to walk a random sample of classrooms across all grade levels and did not find an indication of mold/mildew in any of the classrooms. There were no visual signs of wetness that could lead to a problem nor did we find any type of odor in the classrooms we entered.

If there are complaints regarding a specific room, I would recommend contacting Keenan to take moisture readings of the walls or do an air sample of the room.

Sincerely,

Jeff Ramsay
